

Core Value Statement:

We are a Biblically-based, Christ-centered, caring community that is committed to excellence.

1. Biblically-based

We will operate with a Biblical world-view, based on faith, led by the Holy Spirit, supportive of the local church, in obedience to God's commands to love and disciple all nations, and in accordance to His laws and the laws of man.

2. Christ-centered

Our behavior will show that Christ is our Head, our ultimate desire being to honor, glorify, and please Him, clearly portraying His attributes, with the final measure of our success being our faithfulness to His will.

3. Caring Community

Through our worldwide network, we will give priority to people rather than programs or infrastructures, demonstrating respect, loyalty, support and cooperation, regardless of cultural differences.

4. Committed to Excellence

Our standard for hiring qualified Christian educators and measuring ministry performance as we educate the "whole child" will be the highest reasonable standard.

Philosophy Statement:

International Christian School's (ICS) philosophy is based on a Christ-centered view that Jesus Christ is the source of all truth. ICS deems itself responsible for the spiritual, mental, intellectual, physical, social, and emotional development of each student while attending ICS. The Word of God will permeate all activities and agendas as the school aims to integrate the Bible throughout the total curriculum. Christ touched lives collectively and individually as He modeled a caring and effective teaching style, thus effective teaching begins with offering unconditional love for each child and continues through positive teacher-student relationships.

International Christian School will: Encourage each student to develop a love for learning and to achieve his or her academic potential. Encourage each student to shape his or her life according to the priorities of the kingdom of God. Equip each student with the tools to become a lifelong learner.

It is the purpose of ICS to provide a distinctly Christian academic environment for its students and to train young people to function in the world as discerning Christian citizens. We believe a discerning Christian strives for discipline and excellence in all he or she does and that integrity, industry, and faithfulness mark a Christian citizen who fully integrates wisdom, knowledge, and faith.

ICS encourages the promotion of high academic standards while helping students acquire creative and critical thinking skills. The objective of the ICS instructional program is to enable the student to pursue the post-secondary education of his or her choosing whether it be in a university or in the area of vocational or technical training.
